

**Kalamazoo Earth Day Virtual Festival, April 18-25, 2020**  
**Invitation to a 3-Part series of Presentations on**  
**"Restoring Community with Native Plants and Ancient Wisdom"**  
**Power Point Presentations offered by Dr. Tom Small**

**Part 1: Restoring the Land and All Our Relations**  
**Date: Saturday April 25, 2020      Time: 10:30 a.m. – Noon (ET)**

**Description:** How can landscaping with native plants help sustain and restore pollinators, other essential insects, birds, and other wildlife? What can you do on your property, no matter the size, to preserve the future of life on earth?

Although the three webinars are closely intertwined and thematically linked, each program is complete in itself while exploring the same theme. You are welcome to attend any one, or two, or all three of Tom's presentations.

**Part II: Sat., May 9, 2020 – “Soil, Soul & Society: Crisis & Renewal”**  
**Part III: Sat., May 23, 2020 – “Native Plants & Native Americans: Models for Restoration”**

**There is no required pre-registration for this set of programs.** However, if you plan to attend any of Tom’s programs, he requests that you send both your name and email to him at [yard2prairy@gmail.com](mailto:yard2prairy@gmail.com). He will return the favor by sending program material to you in advance.

This Zoom meeting allows for 100 individuals to attend. It would be wonderful to have that many people, so please forward this email and invitation below to anyone you feel would enjoy Tom’s Native Plant presentation.
